Green Information

At Creative Cuisine we're leading the way with organic catering and green entertaining. This means that our menus are made from sustainable, farm-to-table ingredients with fresh tastes for every season of the year. For all our events, we include environmentally friendly plates, cups and cutlery produced by utilizing sugarcane pulp. We wash all of our dishes using an energy star rated, high temperature dish machine using 25% less water and chemicals. In addition, we encourage bulk water and juice displays along with reducing, reusing, recycling throughout our operation whenever possible.
