

SPLENDID ICE CREAMS

Jeni's Splendid Ice Creams

Each batch of Jeni's Splendid Ice Creams is carefully tended to; each flavor artfully achieved with fresh ingredients found in the Ohio countryside as well as responsibly-raised exotics from around the world. All of Jeni's ice creams, sauces, pralines and marshmallows are handcrafted in Jeni's production kitchen in Columbus, Ohio. We build every recipe from the ground up with luscious, Snowville milk and cream from cows that eat grass. With that exquisite base, we explore pure flavor in whatever direction moves us at any moment, every day, all year.

We are proud to be an Ohio founded company – Our Buckeye State Ice Cream proves we know what being a Buckeye means: a rich peanut butter ice cream made from a local supplier, freckled with dark chocolate flakes. We've paired this ice cream with a delicious fudge cookie for a dessert worthy of The Ohio State University.
