

Cylinder & Compressed Gases

OSU Stores Department

visit the [Stores web site](#)

We stock the most commonly used cylinder gases, liquid nitrogen, and related hardware items used on a research campus and will special order any specialty or liquid gas, hardware items, and freezers.

- Stocked items ordered by 3:00 p.m. are delivered the next workday
- After hours and weekend emergency service
- Emergency and same day delivery
- Place orders through the University's Financials System, eRequest or via standing order
- Easy internal billing through Stores (no invoices to approve or calls from suppliers wanting payment)
- One stop shopping – put all supplies on one order and avoid issuing separate PO's to multiple suppliers
- Delivery and pick-up direct to the room you specify
- Standing orders can be arranged for liquid nitrogen delivery
- No need to purchase or rent dewars for liquid gases (Stores provides them at no charge)
- On-line billing review via the Inventory Billing Report on the University's eReports system
- Customer Service Representative
- Request removal of empty cylinders via e-mail, telephone, on-line returns system, or place cylinders in designated pick-up area in your building
- Minority purchasing credit is obtained by purchasing these items through Stores, contact [Dorothy Wiles-Blanton](#) at 292-1304 to learn more about this arrangement.

Pricing and Ordering Information

- For pricing visit the eStores on-line catalog through the eRequest site at [erequest.osu.edu](#), call the Gas Warehouse at 292-2543, or e-mail us at [stores@osu.edu](#)
- Information needed to complete the order:
 - Delivery location (Room number and building name);
 - Contact person and telephone number;
 - Chartfield combination to bill; and
 - Items and quantities needed (liquid nitrogen customers must specify the number of liters needed).
