

Vehicle Rental

T&P - Vehicle Rental

For approved travel by automobile, [T&P Vehicle Rental](#) should be used whenever possible. Our goal is to provide the university community with safe, reliable, and cost efficient transportation. Whether you need to rent a vehicle for one day or several months, or you need to travel on-campus or out-of-state, we offer a large selection of modern vehicles to meet your needs.

In addition, [T&P Vehicle Rental](#) offers departments an alternative to purchasing cars, trucks, or vans. We understand that many departments require the use of a motor vehicle from time to time, but do not necessarily need to own a vehicle. We continually assess the competitiveness of our services and work hard to provide a quality, value-added solution that meets university needs.

- Competitive pricing
- Fixed annual rates avoid peak season rental rates
- Convenient campus location for pick-up and return of vehicle
- All fuel costs covered as part of rental fee
- No additional charge for additional drivers
- Zero deductible insurance included with rental fees
- Easy payment with a 100W
- On-line requests
- Driver provided upon request (additional cost)
