

University-wide contract with UPS, managed by University Mail Services.

UPS via University Mail Services

The Ohio State University has awarded United Parcel Service (UPS) as the prime supplier for all outbound parcels. This means any packages from a letter envelope to a large freight shipment and everything in between may be transported via UPS. As the world's largest package carrier UPS is able to provide OSU with the world class service it has come to expect.

What does this mean for you?

- 20%-50% off on standard shipping rates
- Automated Billing and Reconciliation
- Visibility in Tracking Packages
- Complimentary shipping supplies

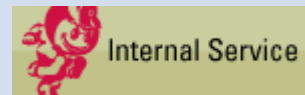

In order to serve the University community, UPS modified a web based shipping program exclusively for Ohio State. This program UPS ICVS offers you the ability to create shipping labels, check price quotes, review arrival estimates, at your own computer. This takes the guess work out of shipping. Simply register online at [Receiving and Mail](#) for a quick one hour tutorial where you will get your UPS ICVS username/password and overview of the system.
