The following maintenance contracts have been established to primarily be utilized by university facility operation departments for maintenance and repairs. Departments are required to contact Facilities Design and Construction at (614) 292-4458 for any renovation, alteration, professional service (design, interior design, engineering, structural), painting and carpet replacement work. Departments that utilize the maintenance contracts will be responsible for all damages and costs resulting from faulty/failed work.

Roberts Service Group

Items Offered:
Low Voltage electrical services

Company info
Roberts Service Group, Inc. is a family owned business, serving Central Ohio since 1975. RSG is a full service contractor providing Commercial, Industrial, Residential, Tele/Data, Photovoltaic, Electric Vehicle and Alternative Energy services. Their team provides project management, consultation, coordination and installation of all projects. A team approach to project management is a value asset and added level of service and support for their clients. Their Estimating/Project Management Team offers over 80+ years of experience. Through quality workmanship, safe electrical work practices, and attention to the needs of the customer, they strive to provide the best installation and service. The company is a Charter Member of the OSHA/NECA/IBEW Partnership – a cooperative between the members, focused on providing a safe work environment and accountability for safe work practices.

Benefits to OSU
• Licensed, bonded and insured. Verification of licenses and certifications are provided upon request.
• Employees have graduated from a five-year training program through local NECA, Central Ohio Chapter/IBEW Local Union 683 Joint Apprenticeship Training Committee Program. The apprentice program is a five-year course of study in electrical installation, electrical theory, electrical safe work practices and On-The-Job Training. They also receive a Safety Orientation upon employment and regular refresher training and Continued Education.

Belfor Property Restoration

Items Offered:
Disaster recovery and restoration services

Company info
BELFOR is the world leader in integrated disaster recovery and restoration services. With over 300 full service, non-franchised, locations across the globe (including Columbus, OH) and a team of 7,000 skilled professionals, BELFOR is ready for any disaster, big or small, available 24/7. They provide clean-up and repair services for damage resulting from fires, floods, storm/wind damage, busted water pipes, explosions and provide mold and asbestos remediation.

Benefits to OSU
• Response and actions taken during the first 12 to 72 after a disaster are critical in limiting damage to the property and the contents (documents, computers, furniture, machinery, electronics, etc.) providing a quick and full recovery
• BELFOR will be on-site within 1-2 hours of the initial emergency call to access damage and begin mitigating the loss. BELFOR response to main campus is from the LOCAL BELFOR office, no travel required.
• Limit Business Interruption
• Single source solution providing: 24/7 Emergency services; Water Extraction & Dehumidification; Demolition; Temp shoring/board ups; Reconstruction; Roofing; Mold remediation; HVAC cleaning and restoration; Content restoration, book, document & X-ray restoration; Electronics restoration; Equipment and machinery decontamination Semiconductor equipment services.
• All of the companies in the BELFOR Group accept a special obligation to the environment and its protection. For this reason, they always apply the most environment-friendly and lowest-impact restoration methods.
• The entire BELFOR product line is as environmentally friendly as possible. A large percentage of their cleaning solutions are produced by Greenblendz, a manufacturer and packager of green/natural products. http://www.greenblendz.com/greenphilosophy.html
• BELFOR has been a member of the US Green Building Council since 2009.

Ordering info
• Customer receives a quote from the supplier and creates a standard purchase requisition with the contract number listed on the requisition.
• OSU Risk Management must be notified immediately, due to the nature of the service.

Cummins Sales & Service
(Cummins, Inc.)

Items Offered:
Emergency generator repair, preventive maintenance, equipment purchases and rentals

Company info
Cummins Bridgeway is a full service engine and power generation service facility, located in Hilliard, OH. Emergency service is available 24 hours/365 days a year. In an emergency power loss, Cummins Bridgeway will get you up and running quickly, with the most dependable equipment and expert support. They service ALL generator brands, makes and models. Their technicians are extensively trained to deliver optimal solutions for speed, quality of service and support on every job. Their 100 mobile technicians are deployed quickly and efficiently. For critical mobile repairs, they guarantee that a technician will be dispatched within four hours. Trucks carry an extensive inventory of parts and the latest diagnostic and repair equipment. In most cases, expert technicians are able to complete most repairs on-site within 24 hours. For over four decades, Cummins Bridgeway has been engaged in the power generation business. Providing emergency service is at the core of their overall strategy of customer support. Their support team includes factory trained service technicians, dedicated professional sales representatives and a team of field engineers who specialize in specific disciplines related to the application and technical support of power generation systems.

Benefits to OSU
• Service ALL makes and models
• 24 Hour Emergency Service & Rentals (800-969-3966)
• Centralized Administrative Customer Support
• Reliable, expert service by factory trained technicians
• Job Site Safety #1 Priority
• 18 Branch locations for engine and power generation service
• 100 Mobile Service Technicians
• $17M in engine and power generation service parts inventory
• Engine, generator and switch gear technicians locally dispatched
