The following maintenance contracts have been established to primarily be utilized by university facility operation departments for maintenance and repairs. Departments are required to contact Facilities Design and Construction at (614) 292-4458 for any renovation, alteration, professional service (design, interior design, engineering, structural), painting and carpet replacement work. Departments that utilize the maintenance contracts will be responsible for all damages and costs resulting from faulty/failed work.
ABCO Fire Protection, Inc.

Items Offered:
Fire Suppression Systems Repair and Maintenance

Company info
ABCO Fire Protection, headquartered in Cleveland, Ohio, is one of the region’s largest and oldest privately owned providers of fire-protection equipment, and services, fire-safety products and comprehensive hood-cleaning services. ABCO is a single source for fire-protection products and services, code compliance, insurance requirements, local inspection compliance, fire-related education and training, and many other safety-related needs. ABCO supplies portable and fixed fire-suppression systems and inspects, maintains, and certifies them. ABCO also offers repair and cleaning services for kitchen exhaust systems, and a full line of power washing services. ABCO has the expertise and resources to inspect, test and service all fire-protection 24/7. The ABCO diamond is a symbol for life safety, service, and trust. It is a symbol of insurance that they will provide the necessary tools and service to protect people and property from fire hazards, making the world a safer place to live and work.

Double Eight Fire Protection

Items Offered:
Fire Suppression Systems Repair and Maintenance

Company info
Double Eight Fire Protection, Columbus Ohio, was formerly known as a regional branch of Northstar Fire Protection. That Columbus, Ohio region was managed by Richard Evans. In 2008 Northstar Fire Protection announced it was closing its doors. Upon announcement of that devastating news, Mr. Evans realized that his current customer base relied on him, his team, and his company’s expertise in the fire protection industry. He also realized that challenges were on the horizon. He met these challenges face to face and started Double Eight Fire Protection. Initially the Double Eight team consisted of Mr. Evans, working out of his home, and a small group of field staff. After forming a partnership with two other individuals in 2012, their company expanded to a full staff in Ohio and New York. This exceptional staff includes 5 licensed sprinkler designers, two design assistants, three customer service representatives, twenty sprinkler technicians in Columbus and fifteen sprinkler technicians in New York. The above mentioned customers rely on their services throughout regions of the eastern United States through the Midwest.

Benefits to OSU
- Professional, skilled, and knowledgeable technicians.
- Understanding customer needs to apply cost conscious approach to solutions
- 24-hour emergency service, toll free 1-800-430-1885.
- Appointed customer service rep, responsive and dedicated to your account/needs with a clear communications path.
- Company Culture that treats customers as priority and avoids “the status quo”
- Large enough to meet your needs, not too large to care.
- Knowledge of Fire Protection products-current, out dated, and obsolete.
- Turnkey service with a quality repair/ install that is backed by a guarantee.
- Forward focused approach to doing business and keeping business relationships.
