Martin Carpet Cleaning

**Items Offered:**
- Mat Service

**Company info**
Martin Carpet Cleaning was founded in 1890 by Mary and Frederic Martin in German Village. The dream to open their own business began when they moved to California during the Gold Rush. Although they did not find gold, they discovered the art of Oriental Rug Cleaning. They returned to Columbus to open Martin Carpet Cleaning and start a family. Throughout the years the service offerings have expanded to include professional floor mat and dust control rental and commercial carpet, upholstery and tile & grout cleaning. As they celebrate 124 years in business and four generations of family ownership, they continue to build upon the quality cleaning tradition that their Great-Grandparents began in 1890.

**Benefits to OSU**
- They will deliver the greatest amount of value, quality and service to The Ohio State University at all times.
- They are a flexible and responsive company that quickly creates and institutes customized solutions through direct contact with the Owner.
- They aim to reduce costs while maximizing value.

True Clean

Items Offered:
• Carpet Cleaning Services

Company info
True Clean is an all-inclusive floor care company. They focus solely on fulfilling the needs of commercial properties by creating a program designed for each building’s specific needs. With 24 hours a day, 7 days a week, availability, they can service your building in all of the following areas:
- Carpet Cleaning (Steam and Low moisture)
- Ceramic Tile cleaning (Clean, re-seal, grout coloring)
- Natural Stone (Honing, polishing, maintenance)
- Terrazzo (Honing, Polishing, sealing, maintenance)
- VCT (stripping and waxing)

Benefits to OSU
• Ensures that industry specific professionals are caring for your floors and can handle any stains that they may encounter
• Protects the longevity of your company’s flooring investment and the warranties associated with it
• Everything they do is measured through the lens of conservation. Route planning, production systems, and efficiency training, all lend to the conservation of fuel and resources. As a result, they are able to provide better pricing for their customers, and better compensation for their employees and their families. In addition to these major efforts, they also use electric equipment instead of fuel powered equipment when possible, and eco-friendly emulsifiers.
