Crown

Items Offered:
• Material handling equipment and supplies

Company info
As an Ohio-based, fourth generation family owned company, Crown designs, manufactures, distributes, services and supports material handling products that provide customers with superior value. Since its entry into the material handling equipment industry in 1956, Crown has distinguished itself from competitors with exceptional product designs and a unique business approach based on vertical integration. From our smallest hand pallet truck to our highest lifting turret truck, our goal is to always provide the user with the safest, most efficient and ergonomic lift truck possible to lower total cost of ownership and increase uptime. A privately owned company, Crown’s world headquarters are in New Bremen, OH with extensive manufacturing facilities located throughout West Central Ohio.

Benefits to OSU
• Ohio based, 4th generation family owned company
• The bulk of Crown’s manufacturing is in Ohio
• Crown’s products continue to receive recognition for design excellence, earning more than 80 prominent design awards. The Crown line of lift trucks has earned a reputation as safe, reliable and productive by customers throughout the world.
• In addition to lift trucks, Crown is a world leader in supplying an extensive selection of warehouse supplies customized to fit your needs. Their team of professionals use industry knowledge and extensive material handling expertise to help you improve throughput, enhance efficiency and reduce costs.
• Sustainability and environmental stewardship are an important part of the Crown culture. Shaped by decades of thought leadership, this approach has enabled Crown to improve the environment while benefitting customers. The company has received a number of awards and recognitions for its sustainability efforts, including the Ohio Governor’s Environmental Sustainability Award, and the Ohio Governor’s Pollution Prevention Award.

Hertz Equipment Rental Corporation

Items Offered:
- Facilities equipment rental

Company info
With over 49 years in business HERC has one of the largest, most diverse, and youngest fleets in the industry. Their Vision: Hertz will be the first choice brand for vehicle and equipment rental and total mobility solutions. Their Mission: To be the most customer focused, cost efficient vehicle and equipment rental company in every market they serve. They will strengthen their leading worldwide positions through a shared-value culture of employee and partner involvement by making strategic investments in their brand, people and products. The focus of everything they do will be on continuously improving shareholder value. Their Values: Integrity, Continuous Improvement, Passion, Teamwork, Transparency, Diversity, Commitment, Accountability.

Benefits to OSU
- HERC has one of the most diverse and youngest fleets in the rental industry. HERC uses a pooled fleet strategy, and is able to tap into their entire fleet to meet the requirements of OSU. HERC has been renting equipment since 1965 and this experience has prepared them to handle OSU’s equipment rental needs. HERC offers the additional expertise through their specialty divisions: Aerial, Plant Services, Power, Pump and Compressor, General Rental, Trench Shoring, Container Rentals, and Supplies.
- From a service standpoint, all HERC locations are available 24 hours a day, seven days a week.
- The equipment is supported by factory trained mechanics and a centralized product support group that ensures all required manufacture modifications and recalls are handled in a proper and timely fashion.
- Member of the US Green Building Council and supporter of LEED Building Practices.
- Use of certified Forestry Stewardship Council print vendors for commercial print work.
- Availability of B20 bio diesel configured equipment (select locations/equipment).
